25X1

1. The Kolin Plant of Tatra, National Enterprise, is situated north of Kolin and covers an area of 500 by 1,000 meters. It is bounded on the southeast by the main road to Ovcary and on the southwest by a secondary road leading north. A railroad line serving the plant branches off the main line at the Kolin-Zalabi railroad stop.
2. Until 1951, this plant produced railroad passenger and freight cars. In June 1952, large-scale adaptations were completed and now the plant is producing high-pressure boilers and locomotive tenders.
3. The plant employs approximately 1,200 people, the majority of whom have been working there for a long time. the production plan is being fulfilled by 90 to 100%.
